Mechanical and Civil Engineering Contractors Company (MACE) L.L.C.

QHSE POLICY

Mechanical and Civil Engineering Contractors Company (MACE) L.L.C. is committed to provide the client in a timely manner, quality service that as a minimum, conforms to contractual requirements in all areas of construction, operation and maintenance to achieve the client's full satisfaction.

MACE is also committed to manage the business in a safe manner and prevent the accidental losses of any of its resources as well as consider the protection of its employees, sub-contractors and members of the public from injuries and occupational diseases as a major continuing objective.

In order to achieve and maintain this, MACE commits to:

- **Achieve service quality excellence** and meet client expectation through continuous improvement on the processes of products and services.
- **Improve personal skills and competencies** of the staff on Quality, Health, Safety and Environment through education, training and development programs.
- **Provide a safe and healthy working environment** in accordance with industrial standards and in compliance with legislative requirements as well as strive to eliminate any foreseeable hazards to protect its employees, sub-contractors and all other interested parties from accidents, personal injury/illness.
- **Implement and continuously adjust principles** of wellbeing so that everyone can experience a feeling of wholesomeness at work.
- **Protect the environment** by effectively utilizing the resources by minimizing pollution, and by controlling and reducing waste that may be associated with its activities.
- **Comply with the requirements of ISO 9001:2008 Quality Management System, ISO 14001:2004 Environmental Management System and OSHAS 18001:2007 Occupational Health and Safety Management System** and continually improve their efficiency and effectiveness.
- **Establish, implement and continually measure** the achievement of its approved Quality, Health, Safety and Environmental Objectives and Targets as well as communication of its stated policy.
- **Comply with all current legislative and regulatory requirements** applicable to MACE's scope of work.

Bishara George Kamar
